Magnetic End Effector

275 kg pneumatic

An end effector that, when integrated in Quick-Lift System™, meets the highest standards of ergonomics, working environment, safety and efficiency.

Unique integrated mechanical, electrical, pneumatic swivel enables continuous rotation of the end effector.

Easy to use, thanks to outstanding responsiveness, regardless of load weight.
Exceptional safety is achieved using our intelligent control systems.
High cost efficiency through high reliability and long durability.
A strong solution for quick and easy handling.
Magnetic End Effector

275 kg pneumatic

The figures are to be seen as indications and will vary depending on lifting objects.

TECHNICAL DATA

<table>
<thead>
<tr>
<th>Lifting Capacity</th>
<th>Maximum lifting capacity varies depending on lifting object shape</th>
</tr>
</thead>
<tbody>
<tr>
<td>Note:</td>
<td>The lifting capacity is reduced if the lifting objects center of gravity is eccentric</td>
</tr>
</tbody>
</table>

<table>
